*COVID-19 Delegates Notes*  
**WRC RALLY ESTONIA**  
4-6<sup>th</sup> September 2020

**From** *COVID-19 Delegate* **Version** 1  
**To** All Stakeholders and Attendees **Date** DRAFT (subject to confirmation)

These *COVID-19 Delegate's Notes* are published pursuant to Section 3A of the *COVID-19 Code of Conduct* as set out in Appendix S of the FIA International Sporting Code (*ISC*). They apply to the event incorporating the WRC Rally Estonia (the *Estonian Event*) which for the avoidance of doubt includes all support championship/series competitions.

Terms in *italics* in this document that are not defined in this document have the meaning given to them in the *COVID-19 Code* or the *ISC*.

For the avoidance of doubt, for the purpose of these *COVID-19 Delegate's Notes* only, the term *Stakeholder* includes all parties as per *COVID-19 Code* Art. 2.1 and specifically each Competitor (Team).

If any amendments are made to the *COVID-19 Code* protocols before or during the *Estonian Event*, they will be communicated by means of an update to this document and set out in Section 1 below.

Section 2 sets out practical information and operational guidance to assist *Stakeholders* and *Attendees* to comply with the *COVID-19 Code* at the *Estonian Event*.

A privacy notice, explaining how FIA will process personal data in connection with the *COVID-19 Code*, is included at the end of these *COVID-19 Delegate's Notes*.

The Organisers Point of Contact for Covid-19 issues – including to report anybody showing signs of symptoms is **RECU (Rally Estonia Covid Unit) - they can be contacted on email [covidinfo@rallyestonia.ee](mailto:covidinfo@rallyestonia.ee) or phone +372 53010888.**

## **SECTION 1 - Definitions**

### **ARTICLE 3B. DEFINITIONS AND INTERPRETATION**

3.4 The following terms have the following meanings:

**Close contact** means the *Attendee* in question (a) has been within two metres of an *infected* person either (i) for more than fifteen minutes, or (ii) while they were both in a confined space (e.g. a car); or (b) provided direct care to an *infected* person without wearing appropriate *PPE*.

### **ARTICLE 3E. PROTOCOLS APPLICABLE DURING A COVERED EVENT**

3.24 (to be replaced with Art.6.20) An *Attendee* who begins to suffer from any COVID-19 Symptoms while at the *Venue*, or is identified as having had any close contact with a person who is or may be an *infected* person, must report immediately to *Quarantine* (RECU (Rally Estonia Covid Unit) either by contacting the phone number +372 53010888 or visiting the dedicated area at the Service Park Medical Center) and follow the instructions of the local healthcare authority representative on duty there.

**SECTION 2 - Operational Guidance**

**2.1 Clarification: High Density Areas and Low Density Areas.**

*High Density Areas* as defined in the COVID-19 Code: The Service Park and selected parts of the Rally HQ will be defined as *High Density Area* from **08:00 on Tuesday 1<sup>st</sup> September 2020**. From this time only *Profile 1 Attendees* will be permitted access to the *High Density Area*. For tyre marking zones, please refer to point 2.10 e) and h) in this document.

All other parts of the rally route including stages will be considered *Low Density Areas*. Accordingly, the people who are not requiring access to the *High Density Areas* will be considered *Profile 2 Attendees*.

Regarding the move back from *High Density Areas* to *Low Density Areas* after the *Estonian Event*, this will be determined as 00:01 on Monday 7<sup>th</sup> September 2020 unless otherwise instructed.

**2.2 Clarification regarding timing of Pre-Event Testing prior to the Estonian Event.**

For pandemic control and observation, the Estonian government has placed restrictions on movement of people into, and within Estonia.

Currently, controls are in force for certain countries in the EU or other non-EU or EEA nationals, whilst EU and EEA nationals are allowed to travel to and move within the country more freely.

For the avoidance of doubt, nationals of specific countries can travel without restrictions, the list is updated here:

<https://vm.ee/en/information-countries-and-self-isolation-requirements-passengers#EU%20+%20Schengen>

Nationals from countries not listed will be subject to movement restrictions.

Bulletin 1, Attachment 1

However, to receive accreditation for access to the *High Density Areas*, the Estonian government will require that all Profile 1 *Attendees* will be required to undertake a ‘double-test’ system – requiring a test in the max 72 hours before departure from home country with a copy of a negative test result in English available on arrival. Then a 2<sup>nd</sup> test in Estonia on arrival before collecting accreditation.

The result of the test in Estonia can be received within 6 hours in Tallinn, but could take up to 24 hours – please factor this in your planning.

**Additional key elements from the Estonian government's requirements**

Each person wanting access to the *High Density Area* or the Media Centre:

- Is required to be without any symptoms of illness.
- Is required to perform a negative Covid-19 test (PCR) in the home country or country of departure not earlier than 72h before departure and to have an electronic or paper-based proof in the English language at the entry to Estonia.
- Must remain in self-isolation until taking the test and receiving the results in Estonia (to use separate transportation, wear a mask when performing necessary activities outside, keep social distance, etc). Rally-related activities are not allowed
- Can only get accredited after receiving negative test results and start rally-related activities
- Must constantly monitor the health situation and to be ready for random health checks (body temperature measurement, testing) while in Estonia
- Can only be engaged in rally related activities while in Estonia, i.e. do not use public transportation nor move around in crowded places, incl. Rally spectator or VIP areas.

**A. Arriving in Estonia until 27.08 (incl.) or after 04.09**

Testing takes place at the permanent testing locations of Rally Estonia's testing partner SYNLAB.

Pre-booking is required and each person gets a personal time slot. Please contact Kerlin Kark at SYNLAB, [kerlin.kark@synlab.ee](mailto:kerlin.kark@synlab.ee), phone +372 5549942 (cc: Rally Estonia testing project manager Gerly Kedelauk, [gerly.kedelauk@synlab.ee](mailto:gerly.kedelauk@synlab.ee), phone +372 5244805)

**B. Arriving in Estonia between 28.08 - 03.09 (incl.)**

Testing is conducted by SYNLAB based on the information (who is arriving when and where) submitted by the participants to the Rally Estonia organizers. Testing will be done only based on the entries to the Rally Estonia. Everyone needs to have an ID with them and wear a mask. No pre-booking is necessary.

**C. Those who have been in Estonia for 14 consecutive days before September 1**

are required to take a COVID-19 test within 24 hours before getting their accreditation (pass).

Access to the Rally HQ, Media Centre, and all areas of the Service Park will be access controlled from 08:00hrs on September 1 2020. NO ACCESS will be granted without the individual photographic accreditation issued by the Organiser.

### 2.3 Number of Attendees

Each *Stakeholder* has been asked to fill in a questionnaire and name all *Attendees* who need to be accredited for the access to the Rally HQ or Service Park (*High Density Areas*). This list includes everyone that require the access to these areas. The accreditation is personal and there is no option to grant access to additional guests or sub-contractors. If the person is not on the Stakeholder list, the person would not have any access to *High Density Areas*. The number of *Attendees* per team is defined with reference to App. VI of the 2020 FIA WRC Sporting Regulations as follows:

- Manufacturer Team – 3 Cars	71

**2.5 Contact Tracing System App (CTS App)**

The *CTS App* will not be in use and accordingly will not be required for the *Estonian Event*. However, the *Estonian Event* organisers recommend the use of the HOIA app. This is developed in Estonia to global standards and can be found at <https://hoia.me/en/>.

**2.6 Manual Contact Tracing**

For the *Estonian Event*, all *Profile 1 Attendees* are requested to maintain a complete and accurate list of each other *Attendee* with whom they have *close contact* (see Section 1, Art. 3.4 for definition). This information may be requested to assist with outbreak control.

**2.7 Shared Event Service Suppliers**

Pursuant to Article 3.19.1 of the *COVID-19 Code*, suppliers of shared products or services to all *Competitors* in a *Championship* may specify further mitigation measures (such as creating specific time-slots for interaction with different *Groups*) that must be respected by all *Attendees* using their products or services. A supplier wishing to take advantage of this option at the *Estonian Event* must communicate these measures to all such users prior to the *Estonian Event*, copying the *COVID-19 Delegate*, Dr Cem Boneval, [cembo@akdeniz.edu.tr](mailto:cembo@akdeniz.edu.tr).

In addition, and at the same time as the supplier provides this information to the *COVID-19 Delegate*, the supplier must copy it to the *Estonian Event COVID-19 Response Coordinator*, Mr Alar Arukuusk, [alar@rallyestonia.ee](mailto:alar@rallyestonia.ee).

**2.8 Service Park Access**

The service park is a *High Density Area* that will be used by multiple teams. In support of *Group* separation, there will be a 2m clear area around each team location. The areas that link teams (supply roads etc) will be used for minimum traffic and will be strictly monitored for *PPE* use.

**2.9 Hygiene – PPE and Medical Face Masks**

Consistent with the provisions of the *COVID-19 Code*, the following guidance is provided regarding the use of *PPE*.

- When arriving at the *Venue* through the *High Density Area* entrance, it is mandatory to wear a medical face mask until reaching your *Group* (Team) area.
- Within all *High Density Areas*, medical face masks must be worn and may only be removed when superseded by a superior level of *PPE* for a safety critical task (e.g. a full-face helmet). - b. **WRC Art. 54.1.2:** Competitors who have retired are not required to hand in their time card.
- c. **WRC Art. 55.1.1 (Repairs prior to a re-start):**
  - Priority drivers will not be provided with a time card for the 3-hour repair time after retirement.
  - P1 and P4 drivers: The rally official in attendance at the allocated bay will keep a check sheet and record the start of the 3-hour service time. The rally official at the entrance to the overnight parc fermé will also keep a check sheet to record the time of the car finishing service and entering the overnight parc fermé.
  - Other priority drivers: After arrival in the pre-service parc fermé, the rally official in attendance at the control Parc fermé OUT/Service IN will keep a check sheet and record the start of the 3-hour service time. The rally official at the entrance to the overnight parc fermé will also keep a check sheet to record the time of the car finishing service and entering the overnight parc fermé.

**j) Time Cards And Controls****GENERAL**

- a. The following procedures apply and have priority over all the related provisions in the 2020 FIA WRC Sporting Regulations as far as they are in conflict. Some of the conflicting article numbers are quoted below, but without claiming to be exhaustive.
- b. Any irregularity or discrepancies regarding the below procedures will result in the application of WRC Art. 19.3.4 and 44.2.12. It is to be noted that, as a principle, the entries recorded on the timing marshals' check-sheets shall be decisive.
- c. The complete set of Time Cards for the whole rally (including the Shakedown time cards for all drivers affected under WRC Art. 36.2.2) will be delivered with the rally materials at administrative checks. It is imperative for all crews to carry at least all the Time Card sets for a whole day inside the car (cf. for example procedures at regrouping controls).

**PASSAGE CONTROLS (WRC Art. 43)**

At these controls, the marshal will simply mark the car number on his check sheet as soon as the car stops at the control, without mentioning the time of passage, and show the check sheet to the co-driver.

**TIME CONTROLS**

- a. The check-in procedure begins at the moment as stipulated in WRC Art. 44.2.1.
- b. The check-in time corresponds to the moment at which the co-driver shows their time card to the marshal through the side window (WRC Art. 44.1 & 44.2.4).
- c. The appropriate marshal will then enter the actual time at which the card was shown on the timing tablet and write it on the check sheet (WRC Art. 44.2.5).
- d. They will then show the recorded check-in time and, in case of a Time Control followed by a special stage, the provisional special stage start time to the co-driver. The co-driver shall then enter this time on their time card (WRC Art. 44.2.5).

**SPECIAL STAGE START**

- a. At the start line, the co-driver shows the appropriate marshal the time card through the side window. The marshal then either confirms this provisional start time or shows a different start time on his check-sheet.
- b. This new time, if any, shall then be recorded as actual start time on the time card by the co-driver (WRC Art. 48.2.3). This actual start time will also be shown on the electronic start count-down display.

## Bulletin 1, Attachment 1

### SPECIAL STAGE STOP POINT

- a. The appropriate marshal at the stop point will show the finish time (time of the day: hour, minute, second, tenth of a second and thousands for the Power Stage) and the calculated stage time to the crew (co-driver).
- b. The co-driver shall record this time on their time card.

### REGROUPING CONTROLS (WRC ART. 46)

- a. There is no need to hand in the Time Card used for the Section concerned.
- b. For regroupings during a day, the crews shall themselves record their re-start time from the regroup as instructed by the timing marshal on their new time card for the following Section of that day.
- c. In case of an overnight regroup, the crew shall themselves record their re-start time of the following day on their time card, following the publication of the start list for the section after the overnight regroup.
- d. Point b. above shall likewise be applied by the drivers concerned for the Shakedown TC/start time.

### FLEXI-SERVICE

#### a. Flexi-Service P1 and P4 drivers

The rally official in attendance at the allocated bay will keep a check sheet and record the start of the permitted service time.

The rally official at the entrance to the overnight parc fermé will also keep a check sheet to record the time of the car entering the parc fermé.

#### b. Flexi-Service P2, P3, RGT and NP drivers

The rally official in attendance at the control Technical Zone OUT/Service IN will keep a check sheet and record the start of the permitted service time.

The rally official at the entrance to the overnight parc fermé will also keep a check sheet to record the time of the car entering the parc fermé.
